

User Story Board

Group Member's:

1. Aaron

2. Bhavan

3. Harsh

4. Nakshatra

5. Sohrab Ali

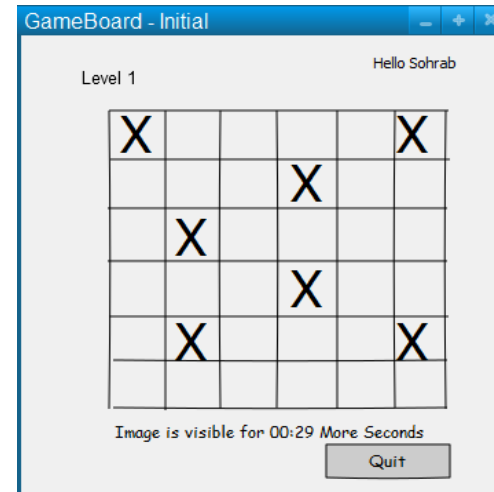

Page 1: Welcome Page.

User can enter his/her name and can begin playing with the game.

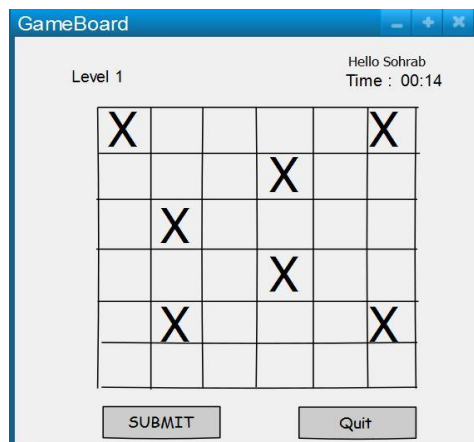

Page 2: Initial - GameBoard

In this Initial image will be shown with a clock timer of 30 sec

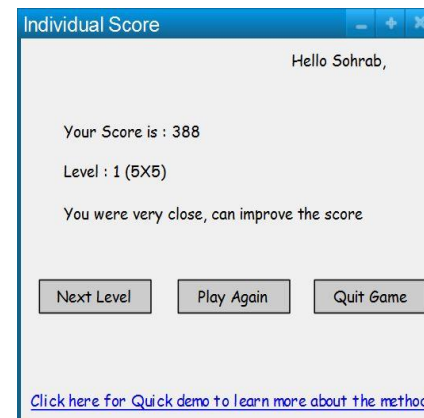

Page 3: GameBoard

Same image will be shown after changing a BIT so that user can Select the changed bit and we can score on the base of that.

Page 4: Score/Level Change Page

We will display the score and after that user can either choose to play Again or go to next level

Page 5: Rank / Score Page

After ending the game, we will show the scores and respective rank of the users

Module: Server

This will maintain the score sheet and will be responsible to process and calculate the individual scores that will be visible on the screen to the user.
